Attributes

Required Attributes

- *None at present, see note below*

Optional Attributes

NOTE: The following attributes are listed as "optional" due to support for both SAML 2.0 and older SAML 1.x IDPs. For all practical purposes, the protocol-specific variant of `eduPersonScopedAffiliation` attribute should be considered required for complete application functionality.

- `urn:oid:1.3.6.1.4.1.5923.1.1.1.9` (`eduPersonScopedAffiliation`, SAML 2.0)
- `urn:mace:dir:attribute-def:eduPersonScopedAffiliation` (`eduPersonScopedAffiliation`, SAML 1.x)
